Citizenship 2012

Congratulations to the students who met the criteria for the Citizenship Award. It was created to recognise the students who consistently do the right thing and is not connected to the merit system.

The criteria are:

- Good attendance with absences explained within the required time (7 days)
- Speak courteously to staff and students
- Follow instructions
- Demonstrate good behaviour and follow the conduct code
- Good homework and assignment record
- Participate in an extra-curricular activity

These students are offered a subsidised trip to Jamberoo Action Park to reward their good efforts. This year's Citizenship excursion is being held on Monday 10 December.

Notes and money need to be returned by Friday 23 November as tickets and buses need to be ordered.

Thank you to the P&C for further subsidising the trip for these deserving students. It has been running for over 10 years and it is nice to be able to recognise the efforts of students in a different way.

It is also nice to see the importance some students place on this recognition. To those who were unsuccessful this year I urge you to try again next year.

Please see Mrs Sutherland if there are any problems.

Mrs Sutherland

Kanahooka High School's Value of Responsibility

The expectation of Kanahooka High School students is to be responsible members of the school community.

Students can demonstrate responsibility by following class rules and procedures.

When students do this they are able to focus on their learning, allow others to learn and allow the teacher to teach. All students are able to engage in the lessons in classrooms that are quality learning environments.

Students can make teachers and families proud of their achievements.

Mrs K O'Sullivan, Deputy Principal

Modified Education Program

Congratulations to Karlee Hattenfels and Amy Johnston from the Modified Education Program who have completed their HSC exams and finished Year 12.

The two students enrolled in MEP at the beginning of the year and found that the program was a great alternative to mainstream schooling in meeting their educational needs. Both students worked hard to meet all the Year 12 course requirements by completing Karabar Distance Education work.

The team from MEP wish Karlee, Amy and all other Year 12 students all the best for the future, and to enjoy a well deserved break...and no more exams!

Year 5 Science

Budding future scientists from Hayes Park and Lakelands PS were treated to a fun morning of experiments on Wednesday as part of KHS' Transition Program for Year 5.

Chemistry was the hot topic this week as the students experimented with mixtures and compounds, managing to make giant,

colourful blobs of flubber and some tasty sherbet.

These budding scientists will have the chance to put their new found knowledge to good work at the end of the year in the first annual challenge shield.

Statements of Outstanding Fees

Statements of Outstanding Fees have been posted home. As the year is quickly drawing to an end we would appreciate the payment of all outstanding monies at your earliest convenience.

Should you require assistance with the payment of fees, then please collect a Student Assistance Form from the front office. The school has limited funds to assist families in financial hardship.
