Setting the Semester Scene for Stage 4

WOW!!! Where has the year gone? It seems like only yesterday that the Year 7's started their high school journey and Year 8 moved on from being the babies of the school, yet here we are; Term 4, the second half of Semester 2 and Yearly Examinations are about to begin.

That's right; it's the business end of the year. All students in Stages 4 and 5 will commence their Yearly Examinations from October 23. They will have formal examination for EVERY subject each day next week.

With that in mind, the students pictured, are making sure they enjoy the sunshine and regular classes before the examinations begin. Here they are participating in Mandatory Sport. They are examples of HAPPY LEARNERS...one of our main goals and priorities.

Robert Street, Dapto 2530
Telephone: 4261 4011

Stage 4 Deputy Principal's Report

Like you, I love seeing our students enjoying school. Happy students are happy learners, which leads to successful outcomes. We establish various ways for students to participate in all aspects of their school life. Some love to participate in the open, enjoying sunshine and physical activities, whilst others prefer the soothing calm of indoor Esports, where the competition is still friendly and rigorous.

All of the sports have students working to the best of their ability, co-operating in team activities and enjoying what they do, as they are participating in sports that they have selected, according to their interest.

It is also pleasing to see how proud each and everyone of these students are of Kanahooka High School as they are all dressed in the school uniform, demonstrating responsibility, co-operation and pride.

Stage 4 Deputy Principal's Report

We have seen how school life is a balancing act between physical activity and academia. Stage 4 academic life is about to reach it's peak as Yearly Examinations begin on Monday October 23. Study regimes with a blend of other activities are advised to help students prepare for and participate in the best way possible.

Students have an Examination Timetable to assist them in being organised, and there is a copy on the Kanahooka High School Webpage and Facebook page to give parents/caregivers and students further access. Please ensure that your child has the necessary basic equipment such as blue/black and red pens, pencil, ruler, CALCULATOR etc. so that their examinations run smoothly.

Examinations do not mean that the school learning year has finished. Classes, learning and assessment tasks will continue as normal, so therefore attendance needs to be maintained. Full school uniform needs to be worn. School reports reflect on the entire academic year and reports are not written until the end of Term 4.

Presentation Day occurs towards the end of Term 4, where teachers will nominate one student per year per course for their positive approach to learning through work, effort and dedication. I look forward to celebrating student success with you on that day.

Mr Philpot
Stage 4 Deputy Principal

Kanahooka High School's 2018 Swimming Carnival will include the whole school

Everyone is expected to come and watch or participate at this fun and exciting event.

**The Carnival will be held on 8 February 2018
at
Dapto Pool**

So bring your swimmers, towel, hat and sunscreen and enjoy!

KANAHOOKA HIGH SCHOOL STAFF

VARIATIONS OF TERM 4 SCHOOL DEVELOPMENT DAYS

MONDAY 18 AND TUESDAY 19 DECEMBER 2017

All teaching and non-teaching staff at Kanahooka High School have been consulted and in agreement that the school development days in Term 4 being Monday 18 and Tuesday 19 December were to be rescheduled during Term 2 and 3.

This means the school will be non-operational on both of these days. **There will be no staff present on Monday 18 and Tuesday 19 December 2017.**

Staff and students will all finish on the last day of Term 4 2017 on Friday 15 December 2017.

Tips for a healthy headspace

**There are a number of ways you
can look after your mental health
and wellbeing every day...**

Get informed

Understanding more about what you're going through is an important first step. Information to help you make good decisions about relationships, school, finances and seeking help is available in a number of ways. Read pamphlets, articles or fact sheets, listen to podcasts, talk to or watch videos about others who have had similar experiences, read trusted websites for information, or ask a trusted adult for advice.

Sleep well

Getting a good night's sleep helps you feel energised, focused and motivated. Adolescence is a time when a number of changes to the "body clock" impact on sleeping patterns and you are more likely to have problems with sleep. Developing a sleeping routine can help you sleep much better. To do this try to wake up around the same time each day, get out of bed when you wake up, and go to bed around the same time each night. Avoiding caffeine after lunchtime, having a quiet, dark and uncluttered bedroom and shutting down your phone, laptop and other electronic devices before bed can also help you get a good night's sleep.

Eat well

Eating well doesn't only reduce the risk of physical health problems, like heart disease and diabetes, but it can also help with your sleeping patterns, energy levels, and your general health and wellbeing. You might have noticed that your mood can affect your appetite and food intake. A good balanced diet with less of the bad things (e.g. junk food and lots of sugar) and more of the good things (e.g. veges, fruit, whole grains and plenty of water) will make sure you have all of the vitamins and minerals to help your body and brain function well.

Physical activity

Physical activity is important for everyone's health and wellbeing. If you're feeling down or finding things are difficult, physical activity may be the last thing you feel like doing. But even small activities like walking around the block can help relieve stress and frustration, provide a good distraction from your thoughts, help you concentrate and can help you look and feel better. Find a physical activity that you enjoy (e.g. swimming, playing sports with friends or cycling) and make a plan to do it regularly.

Set realistic goals

Setting realistic goals can help you to work towards a healthy headspace. Small, realistic goals can be a great way to work towards feeling well – everyone has to start somewhere. Work towards eating well, getting more active, sleeping better and also think about working towards long-term life goals. Setting and achieving realistic goals can be incredibly motivating and can help build self-confidence.

Reduce harmful effects of alcohol and drug use

Some people make the mistake of thinking that taking drugs and/or alcohol can help get them through tough times. While it may help people to cope temporarily, drugs and alcohol are one of the leading causes of harm to Australian young people and can contribute to, or trigger, mental health problems over time. Being responsible and reducing your use can improve your health and wellbeing.

Build strategies

We all have coping strategies – some good, some not so good (e.g. using drugs and alcohol). There are various positive coping strategies you can try: exercise, relaxation techniques, talking to someone, writing or art. Experiment with what works best for you.

WOLLONGONG CITY COUNCIL

Operational Works Traineeships Multiple opportunities Coming Soon!

12 month traineeships

Salary starting at \$572 up to \$669 per week plus superannuation
Qualification Certificate II Local Government (Operational Works)

Do you have a positive attitude, are keen to learn and enjoy outdoor physical work? This may be the start of an awesome career for you!

Wollongong City Council will soon be recruiting multiple operational works trainees to commence in early 2018. Working with our City Works + Services Division, this will be a unique opportunity to gain skills and experience in both our parks and civil works teams. We will teach you to use a range of tools, plant and equipment. Looking for a challenge and enjoy working in teams? This is a perfect opportunity for you!

This is a 12 month traineeship undertaking a Certificate II in Local Government (Operational Works). Employment is for the duration of the traineeship only. On completion there may be a possibility of further opportunities subject to operational requirements and performance.

Benefits of being a trainee with Council include:

- Valuable on-the-job training with experienced employees;
- Time off work to attend TAFE;
- Generous wages;
- Access to in-house / external / e-learning training courses;
- Close supervision and support;
- Great support, internal/external networking opportunities and social network with other apprentices and trainees.

Job Alert

We anticipate these opportunities will be advertised in October 2017. Head to Wollongong City Council's website to sign up for a job alert:

www.wollongong.nsw.gov.au/council/jobs

Interested? Come along to our expo!
Council will be holding a meet-and-greet expo where you can learn more about this traineeship and how to apply. You will also have an opportunity to meet current trainees, TAFE and the recruitment panel.

Date: Saturday 4 November 2017

Time: 8am to 12pm

Where: Southern Works Depot,
Nolan Street Unanderra

graffiti
REMOVAL DAY

Kanahooka High School
Principal

Dear Kanahooka High School

Graffiti Removal Day - Sunday 29 October

I am writing to encourage your School to participate in **Graffiti Removal Day**, which this year will be held on **Sunday 29 October**.

Graffiti vandalism costs our community over **300 million dollars each year**. Money which could be used to build new schools, hospitals and transport facilities.

The New South Wales Government is committed to reducing graffiti vandalism by encouraging local communities to get involved in the removal and prevention of graffiti. To support this goal the Government established a state-wide graffiti removal and prevention day known as "Graffiti Removal Day."

This year our theme is **Let's Love Where We Live**. Our aim is to encourage people to take pride in their community by **volunteering** their time to remove and prevent graffiti.

Graffiti Removal Day is sponsored by the NSW Government, Rotary, Dulux, Selleys and Smart Graffiti.

Last year's event was a great success with volunteers removing **21,000sqm** of graffiti from across NSW. We hope to make this year even bigger.

This great community event is a fantastic opportunity for your school to engage with your local community.

To help make Graffiti Removal Day a success we would encourage your school to:

- Utilise our **Teacher Resource Kit for Year 9 Geography**;
- **Promote** the Day on your schools website and social media pages;
- Encourage students and staff to **volunteer** their time; and
- Identify areas where **trees or plants** can be planted to prevent graffiti.

All material and equipment required to participate in Graffiti Removal Day is **provided free to your School**. Community grants of up to \$750 are also available to put in place graffiti prevention strategies.

Although the official date of the event is **Sunday 29 October**, your school can undertake clean-up and prevention activities anytime during the month of October.

Printed promotional material, caps and teacher's resource kit are available upon request. You can also download a copy of the **Teacher Resource Kit** by clicking [HERE](#) or request a printed copy.

To know more about Graffiti Removal Day visit the Website www.graffiti removal day.org.au.

If you have any questions or wish to get involved please do not hesitate to contact Louise Pilkington from our friendly support team on either **1300 665 310** or louise@graffiti removal day.org.au

Has Your Little One Seen a Dentist Yet? Great Dental Care Starts Early

Childhood tooth decay is still very common, but did you know that with the right dental care your little one could grow up with strong, healthy and cavity-free teeth? As a family oriented practice, we all love seeing children and recommend their first visit takes place by age one. When you bring your little one to see us, we promise to treat them as if they were our own.

By gently examining their mouth, we can check their teeth and jaws are forming properly and we can provide you with a wealth of information. This includes instructions on cleaning their teeth in ways that are less stressful and more fun for you both, and we can provide dietary advice. Taking care of their first teeth is essential as these teeth help them learn how to speak clearly and to eat comfortably, and will enable their adult teeth develop correctly. With good professional dental care, we can help your child enjoy great dental health well into adulthood.

Do you or your child love playing sports? Protect your smile with Gap Free Mouthguards

Our choreographer:

Teagan McKeen | Founder / Principal of The Dance Affinity

Having been involved in dance for the past 22 years, Teagan's love for the art form has seen it consume every aspect of her life. Despite taking classes with world-renowned choreographers in Las Vegas and New York, she finds her most valuable lessons were learnt here in the Illawarra, where she was mentored by a number of influential dance teachers.

In addition to dance teaching, Teagan loves musical theatre and is the resident choreographer of the multi-award winning So Poper Productions. She has both choreographed and performed in their productions of The Producers (2016) and nominated for a CAT Award for Best Choreographer; Beauty and the Beast (2017); Chicago (2017); and is currently working on The Little Mermaid (2018). www.thedanceaffinity.com
