ISSUE No. 19

14 December 2018

I would like to take this opportunity to thank all of our community for their ongoing support and trust in our school. I would also like to thank the staff for their dedication to working with our students in order to help them shine. We say goodbye and wish our staff that are leaving all the very best. You will be sadly missed by all. I hope you have a safe and happy holiday and a fantastic Christmas. I look forward to working with you in 2019. Our year in review...

February saw our first whole school swimming carnival. Our Perfect Petz class got out and about.

In March our girls Volleyball team went into the knockout competition. In May we hosted the Biggest Morning Tea raising \$642 for the Cancer Council. June saw our students attend the NAIDOC Debating Workshop and also we had a showcase of Year 7 Interest Electives. Year 8 Interest Electives also enjoyed learning about nutritious food and eating the results!

Robert Street, Dapto 2530
Telephone: 4261 4011

PRINCIPAL'S REPORT

KHS celebrated NAIDOC Week in July. Some of our students attended the Zone Athletics Carnival.

In August, 6 students attend the DLC Public Speaking Competition and Science got into the spirit of National Science Week. September was all about Southern Stars with 41 students participating.

Convoy Day in November was a huge success and we raised over \$1000.

Also in November, the Year 12 Formal saw our students looking fabulous.

CAREERS

Workplace Learning Illawarra Schools - Excellence in Vocational Education and Training Awards 2018

Two VET students were nominated by their VET teachers for excellence in VET Training Awards. The students were competing with other VET students in the Illawarra Region. The selection criteria for the awards were employability skills, job technical skills and competence and personal quality skills.

I would like to congratulate the following students in receiving certificates for Excellence in VET
Jessica C - Hospitality Food and Beverage and Hailey W - Retail Services.

All the best in your future endeavours.

Ms P Coogan
VET Co-ordinator and Hospitality Teacher

SUPPORT

Support's Year 6 students making the transition to High School

The transition from primary school to high school can be daunting. On their first visit to Kanahooka High School, Year 6 students from Koonawarra Public School skilfully worked in an English lesson and played sight word bingo, which Kayla and Cadence won! We then had a break and played balloon smash. This broke down some barriers from previous encounters of primary school. We proceeded on a school tour, where Jaylah found the library, and of course, the canteen to meet Mrs Loveday. Prior to recess Melody was able to score with a straw test from Science.

I look forward to working with these students in the coming year. Many new chapters for all!

Ms S Thatcher
Support

Japanese Film Festival

On Friday 23 November, twenty one enthusiastic students of Japanese climbed aboard the Sydney bound train at 7.30am for an exciting day in the city. We arrived at Town Hall in plenty of time and wandered down to the George Street cinemas for the Japan Foundation's viewing of "My Love Story" where KHS were a small percentage of the 1500 students from across NSW that came to view the film. My Love Story is a romantic comedy, in Japanese, which had the students fully engage with the characters and anticipating how the love triangle would resolve.

At the conclusion of the film, students took the opportunity to visit DAISO (a Japanese store that sells a variety of trinkets), try sushi and grab some lunch before a dash back to the train station for a long trip home. The students really enjoyed the exposure to the Japanese language and culture and were excellent ambassadors for KHS.

SPORT

Sports Update

We will once again have a busy year in 2019 when it comes to sports carnivals. Here are some key dates to remember:

- KHS Swimming Carnival (whole school) 7 February at Port Kembla Pool
- KHS Cross Country Carnival (whole school) 12 April at Black Beach Kiama
- KHS Athletics Carnival (whole school) 17 May at Beaton Park Athletics Centre

Sports Selections for 2019 will also be happening before the end of term 4. They will be held on Tuesday 11 December in the Library.

Week 7 Sports People of the Week were Maddison D and Cylus A. Both students were recently selected in the South Coast Softball Teams, Maddison in the girls and Cylus in the boys.

Quooym D of Year 8 has just been selected in the Australian U14 First Nations Soccer Team. He will play against the NZU14 Maoris Team in January 2019. Best of luck Quooym!

Mr B Jardine
Head Teacher PDHPE

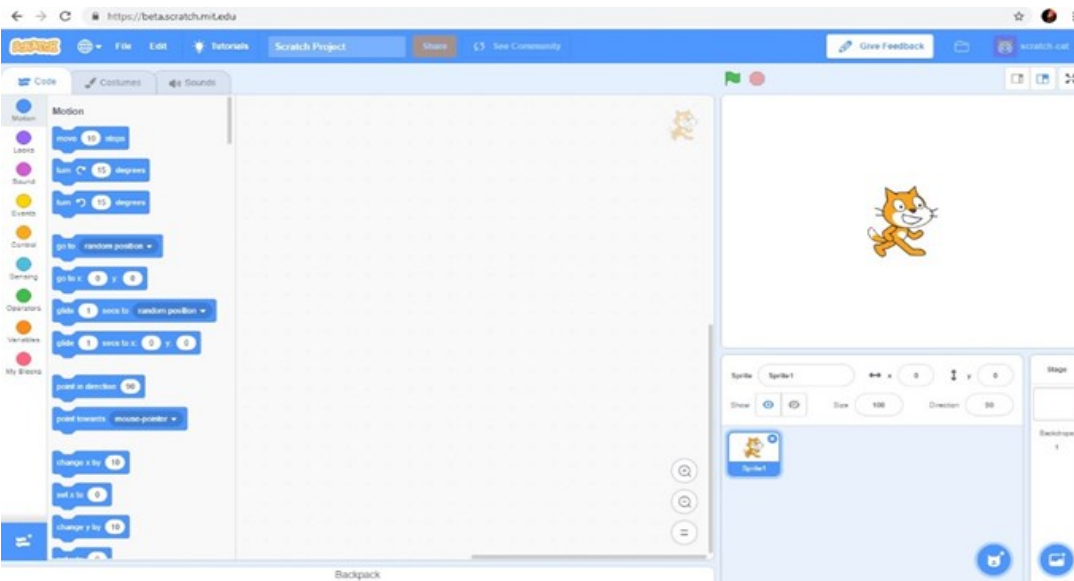

Technology

Hour of Code

It's time again for Hour of Code. Once a year code.org runs a program called Hour of Code to try to get Primary and Secondary school students interested in learning about coding. If you are interested in learning how to code please go to the website listed below:

<https://code.org/learn>

There are hundreds of different activities that you can choose from and if you are interested you can spend as much time as you want learning lots about coding and different things about programming at code.org.

The website uses a web based version of a program called Scratch that we have here on most computers.

It makes coding easy to follow so you can learn without having to worry about typos or weird errors.

Another site that I'm currently using to teach myself the Python language is:

groklearning.com

It's free and so far it seems to be very well put together and easy to follow. It's helping me to learn. Maybe it will help you.

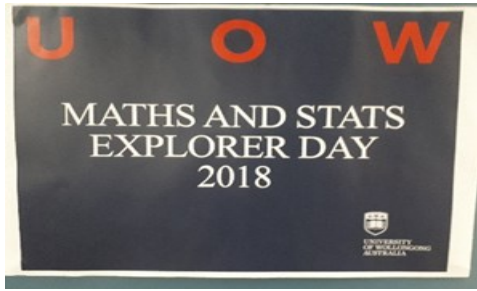

How many lines of code are in things?

- The first space shuttle - 400,000
- HD DVD Player - 4,500,000
- Android OS - 11,800,000
- Google - 2.000.000.000

Mr B Harding
Technology

MATHEMATICS

Year 8 and 9 Mathematicians attended a fun filled day of Maths at the University of Wollongong. The day set out to be an immersion of Maths study and fun. Kanahooka High School students, along with students from Keira High School and Bulli High School, competed in a Maths relay which saw our students work as a team solving problems for 2 hours, supported by University professors and students. The students were fed a fabulous pizza lunch and then provided with Maths challenges in the Sport Hall.

The day was completed with a presentation by a recent graduate student outlining her journey to employment in Canberra with the Australia Signal Directorate. Her first year provided four opportunities to work within four departments including work with decryption, cyber security, biometrics, encryption and was an interesting real-world example of her journey from high school, through university to employment.

The Maths faculty at the University of Wollongong is embedding explicit teaching of problem solving and collaboration skills as well as journaling and reflecting activities in all courses to further strengthen graduate success. Many interesting points were shared with similar approaches being implemented at Kanahooka.

Mr D Ursino

Industrial Technology - TAS Curriculum Network Illawarra Awards

Congratulations to Lauren A and Maddison T for their selection as finalists in the Illawarra TAS CNI Awards. The competition is open to all Year 11 and 12 Technology students in Illawarra Public Schools and aims to recognise the outstanding efforts and achievements of our students. A special congratulations to Lauren who was presented the Gold Award for first place in the Year 12 Industrial Technology section of the competition.

Year 11 Industrial Technology Timber

Congratulations to Year 11 Industrial Technology Timber students for the successful completion of their Preliminary projects. They are now implementing the skills they have learnt throughout the Preliminary course in the design, planning and construction of their HSC Major Projects.

HSIE getting in touch with Geography, Art and Nature!

As the semester draws to a close, 7K HSIE and 9S HSIE have been working on their geographical skills. This has involved learning the techniques of field sketching to collect a range of geographical data and information.

Both classes went out and took part in a practical lesson of observational field sketching, looking over the school oval up to the escarpment, showing both human and physical features of the local environment. This was then discussed in class to see what features stood out the most to different students and why!

The escarpment pictured below, was the most predominate feature

Mrs C Lucas
HSIE

KULLILLAH

On 29 November, Koori kids from local primary schools enjoyed some time at Kanahooka High School. Jesse E, Maverick W, Owen W, Dakota S, Chloe R, Rachel D and Luke B formed a supportive team and led the primary school students with confidence and enthusiasm. They taught the younger students some Koori games and led a scavenger hunt around the school which was lots of fun for all.

THE NOTICEBOARD

CAUGHT In Clay

Remember in our last issue of the Newsletter, Yasmyn S HSC artwork had been nominated for consideration for inclusion in ARTEXPRESS 2019?

We are pleased to announce that Yasmyn's work has been selected!

ARTEXPRESS creates high quality exhibitions of exemplary HSC Bodies of Work from metropolitan and regional NSW. They celebrate the talent of NSW HSC Visual Arts Students. From 8,770 students who submitted Bodies of Work, 402 students were nominated. From these nominations 240 were selected to create the nine exhibitions, representing schools from across NSW.

Well done Yasmyn!

Mr S Tracievski

7.30am and 2.00pm
excluding
Recess 10.40am - 11.05am
and Lunch 1.05pm - 1.30pm
on Tues, Wed and Fri only.

CREATIVE KIDS PROGRAM A STEP CLOSER

Families across NSW will soon be able to access the new **\$100 Creative Kids voucher** unlocking the creative abilities of a new generation across the State from **1 January 2019** when the program takes effect.

All relevant providers have been asked to register with Service NSW so they can participate in the program.

Parents will be able to use **one voucher for every school-age child per year** to help meet the cost of structured creative and cultural activities, such as **music lessons, languages, coding, drama and theatre, photography and graphic design.**

So far more than \$200 million has been returned to households this calendar year through various cost of living incentives. Creative Kids will provide parents with even more hip pocket relief.

There are thousands of organisations out there who could be eligible for the program. I am calling on them to register with Service NSW so that parents can claim their \$100 vouchers with them in the New Year.

This is a fantastic initiative that is only made possible because of the strong economic position of the NSW Government.

We can afford to deliver real savings that help the working families of NSW and reduce barriers to healthy activity.

This program compliments the hugely popular Active Kids voucher and for a family with two children, Creative and Active Kids combined will save them \$400 a year.

Creative Kids is one of a raft of NSW Government initiatives helping to ease cost of living pressure for households. Others include cheaper Green Slips and refunds, free car registration for regular toll users and the FuelCheck app.

Further information including guidelines for providers is available at www.service.nsw.gov.au/creativekids. I encourage parents to speak to the providers of their children's creative activities and ensure that they register.
